

Pupil Leadership Action Plan: Eco Committee/Heddlu Bach 2024/2025				
What are the priorities?	Who will take the lead? Who else will be involved?	What is the timeframe for delivery?	What resources, time or support will be needed?	What could get in the way of successful completion? How will we work to minimise this impact?
To reduce the amount of waste produced by the school.	Eco Committee and Heddlu Bach to pick up litter from playground and record the amount of waste. Eco to check recycling bins are being used correctly	January 2025-July 2025	Bin bags Time each day to empty to bins Book to record the amount in the bins.	If a child is not in to support - other children will be trained If something is not placed in the correct bin. Signs will be made for the bins.
To reduce the amount of electricity being used.	Eco to lead an assembly to remind pupils to make sure their classroom lights are switched off when leaving the room Each class to switch screens and monitors off before leaving the room. Eco committee to collect electricity readings weekly to monitor use.	January 2025-July 2026	Electricity readings Book to record	If someone leaves the light on or the screen. Each class will have a monitor to make sure this happens. Forgetting to get the electricity readings from the caretaker each week. Mr Shepherd to set reminder to go off weekly.
To encourage parents/carers to park responsibly and safely outside school	Heddlu Bach to produce leaflets and give to parents who are parking irresponsibly or causing an obstruction to remind them that this is not acceptable	January 2025=July 2025	Heddlu Bach uniforms Pupil leaflets 'how to park safely when picking up your children'	Staff to take pupils out at dropping off and picking up times to share the messages of safe parking

			Parking tickets designed by the children to remind parents how to park responsibly
